

RAVEN BRYAN ROSCO MONDIA

IT PROGRAMMER | JUNIOR SOFTWARE DEVELOPER

City of Malolos, Bulacan • 0929-697-4664 • ravenmondia7@gmail.com

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience developing web-based applications through internship and academic projects. Experienced in full-stack web development, database and backend functionality, API integration, responsive user interfaces, troubleshooting, and technical documentation. Developed a Fleet Vehicle Management System during OJT and served as Lead Full Stack Developer for AXIO, an educational web application integrated with the DeepSeek API. Strong analytical and problem-solving skills with a willingness to learn new technologies and contribute to reliable business software solutions.

TECHNICAL & PROFESSIONAL SKILLS

Software Development: Web application development, full-stack development

Backend & Data: Database management, backend functionality, API integration

Frontend: Responsive UI development, user-friendly interfaces

Quality & Troubleshooting: Testing, troubleshooting, problem-solving, attention to detail

Documentation: Technical documentation, reporting, project feedback

Collaboration: Teamwork, communication, cross-functional collaboration

Work Style: Fast learner, adaptable, organized, deadline-oriented

Support: Requirements understanding, process improvement, end-user focus

EXPERIENCE

Interfarma Nutraceutical Inc., Alabang — Web Developer (OJT) | June 2025 – July 2025

- Developed a web-based Fleet Vehicle Management System to support vehicle inventory and maintenance tracking.
- Implemented features for vehicle records, maintenance tracking, and scheduling.
- Designed a responsive dashboard and user-friendly interface.
- Assisted in digitizing fleet management by replacing manual Excel-based records.
- Troubleshoot application issues and contributed to documentation and workflow improvements.

McDonald's — Service Crew | November 2025 – Present

- Work effectively in a fast-paced environment while maintaining accuracy, reliability, and service standards.
- Collaborate with team members, manage responsibilities under pressure, and meet operational deadlines.

ACADEMIC PROJECT

AXIO — Lead Full Stack Developer | 2025 – 2026

- Designed and developed a full-stack educational web application from concept to deployment.
- Built a platform that helps college students understand and interpret LaTeX mathematical expressions.
- Integrated the DeepSeek API to provide AI-powered explanations for mathematical formulas.
- Developed responsive user interfaces and implemented database and backend functionality.
- Focused on accessibility, usability, and learning efficiency.

EDUCATION

Bulacan State University | 2026

Bachelor of Science in Mathematics with Specialization in Computer Science

Graduated: 09 June 2026
